BBAB - Student School Board Representative

The Cape Elizabeth School Board recognizes the impact that its decisions have on the students who attend Cape Elizabeth schools. The School Board also recognizes the value of student voice in the governance of the school department. In order to provide for student input and involvement, the School Board may appoint up to two high school student representatives to the School Board each year. These representatives will serve in a nonvoting capacity. In order to serve as a student representative to the School Board, the student must be enrolled full time at Cape Elizabeth High School.

Student representatives shall serve two consecutive years (defined as two complete school years) starting in the Junior (11th grade) year. The terms shall overlap so that one new representative is appointed each school year. At its discretion, the School Board may, at the recommendation of the selection committee, appoint a student representative to a one year term. Student representatives shall be selected in accordance with procedures approved by the School Board.

Student representatives will attend business meetings and be invited to workshop and committee meetings. They will be excluded from executive sessions. Student representatives will act as liaisons between the School Board and the student body and shall adhere to the rules for participation established by the School Board.

BCB - BOARD MEMBER CONFLICT OF INTEREST

Board Service is a matter of public trust. In making decisions that affect the Cape Elizabeth School Department schools, Board members have the duty to act in the interest of the common good and for the benefit of the people they represent.

A conflict of interest may arise when there is an incompatibility between a Board member's personal interest and the responsibilities as an elected official in a matter proposed or pending before the Board. Board members have a legal and ethical responsibility to avoid not only conflict of interest, but the appearance of conflict of interest as well.

I. Financial Interest & Material Benefit

A Board member has a financial interest in a question or contract under consideration when the Board member or member of the immediate family of a Board member may derive some financial or other material benefit or loss as a result of the Board action. The vote of the Board is voidable if a Board member has a financial interest and votes on that question or is involved in the discussion, negotiation, or award of a contract or other action in which the Board member has financial interest.

The Board and the School Department shall not enter into any contract in which a Board member (i) has a direct or indirect pecuniary interest (as defined by law),¹ (ii) or is employed by, contracts with or has any other financial interest in an entity which furnishes goods or services to the schools. In order to prevent the vote on a question or contract from being voidable, a Board member who has a financial interest must take the following action.

- I. The Board member having the interest makes full disclosure of interest before any action is taken and abstains from voting, negotiating or award of the contract and from otherwise attempting to influence the decision (with disclosure and abstention recorded in the minutes of the Board).

The minutes of the meeting shall reflect the member's disclosure and abstention from taking part in the decision in which there is an interest.

It is not the intent of this policy to prevent a Board member from voting or the school department from contracting with a business because a Board member is an employee of that business or has another, indirect interest but is designed to prevent the placing of Board members in a position where their interest in the schools and their interest in their places of employment may conflict and to avoid appearances of conflict of interest.

II. Employment

- III. A Board member may not, during the time the member serves on the Board and for one year after the member ceases to serve on the Board, be appointed to any civil office of profit or employment position which has been created or the compensation of which has been increased by action of the Board during the time the member serves on the Board.
- IV. A Board member or spouse of a member may not be an employee in the Cape Elizabeth School Department.
- V. The spouse of a Board member may be permitted to serve as a stipend employee on a contractual basis when this action is in the best interest of students and a summation of potential conflicts of interests is documented and mitigations are described in the signed contract. This exception is for school years 2021-2022, 2022-2023, and 2023-2024 as permitted by 20-A MRSA 1002(2)(A) and Board Policy BCC - Nepotism.

III. Volunteer Activities of Board Members and Spouses

- IV. A member of the Board or spouse of a member may not serve as a volunteer when that volunteer has primary responsibility for a curricular, co-curricular or extracurricular program or activity and reports directly to the Superintendent, Athletic Director, principal or other administrator in the School Department. "Volunteer means a person who performs personal services for a school unit without monetary payments or benefits of any kind or amount."
- V. Volunteer activities of a Board member or a member's spouse, other than in the roles that are prohibited by statute, may be prescribed by policies or rules developed and approved by the Board.
- VI. The spouse of a Board member may be permitted to serve as a volunteer in any capacity, the same as other school volunteers. This exception is for school years 2021-2022, 2022-2023, and 2023-2024 as permitted by 20-A MRSA 1002(2)(A) and Board Policy BCC - Nepotism.

IV. Code of Conduct for Federally Funded Procurements

When a Board member participates in the selection, award, or administration of a contract that is supported by a federal award, the Board member shall also comply with Policy DJH - Purchasing and Contracting; Procurement Staff Code of Conduct.

V. Appearance of Conflict of Interest

A Board member should do nothing to give the impression that the position or vote on an issue is influenced by anything other than a fair consideration of all sides of a question. Board members shall attempt to avoid the appearance of conflict of interest by disclosure and/or by abstention.

VI. Appointment to Office and Other Employment

A Board member may not, during the time the member services on the Board and for one year after the member ceases to serve on the Board, be appointed to any civil office or profit or employment position which has been created or the compensation of which has been increased by action of the Board during the time the member served on the Board.

Definitions

For the purposes of this policy, the following statutory definitions apply:

- I. "Employee" means a person who receives monetary payment or benefits, no matter the amount paid or hours worked, for personal services performed for a school administrative unit.

- II. “Stipend employee” means a person who receives limited monetary payment of benefits, through a series of payments or in a lump sum, for personal services performed in an advisory, mentoring, or coaching capacity for a school administrative unit.

BCC - NEPOTISM

It is the intent of this policy to ensure that employment practices comply with Maine's "prohibited appointments and employment" statute, 20-A MRSA § 2002 and to avoid favoritism and the appearance of favoritism in employment practices.

I. For the purposes of this policy, the following definitions shall be used:

- I. "Employee" means a person who receives monetary payment or benefits, no matter the amount paid or hours worked, for personal services performed for the School Department.
- II. "Stipend employee" means a person who receives limited monetary payment or benefits, through a series of payments or in a lump sum, for personal services performed in an advisory, mentoring or coaching capacity for the School Department.
- III. "Volunteer" means a person who performs personal services for the School Department without monetary payment or benefits of any kind or amount.
- IV. "Administrative supervision" refers to the authority of a person in the position of principal or higher.
- V. "Immediate Family" includes spouse, sibling, parent, child/adult child or domestic partner.
- VI. "Extended Family" includes grandparent, grandchild, sibling, parent's sibling or in-law.

II. Board Members

It shall be the policy of the Cape Elizabeth School Board not to employ as school department staff any person who is a member of the immediate family of a Board member.

I. Immediate and extended family members of Board members shall not be employed by the School Department, subject to the following exemptions:

1. Employees who are employed on the date that an immediate or extended family member of theirs is elected to the Board.
2. In accordance with 20-A MRSA § 1002(2A), a Board member's spouse may not serve as a volunteer when that volunteer has primary responsibility for a curricular, co-curricular or extracurricular program or activity and reports directly to the Superintendent, principal, athletic director or their school administrator, with exception when 20-A MRSA § 1002 (2A) and (2B) applies.
3. In accordance with 20-A MRSA § 1002 (2A) and (2B), spouses of Board members may serve as stipend employees or volunteers under the following conditions. These exceptions will sunset on July 1, 2024.

- a. The Board authorizes the Superintendent to employ a spouse of the member of the Board as a stipend employee on a contractual basis when that action is in the best interest of the students and the needs of the school unit. Such a contract will summarize potential conflicts of interest and describe mitigations of such conflicts and will be for one season or one year only, with no guarantee or expectation of continuation.
- b. It is the Board's intent that hiring practices for stipend positions discourage favoritism and political patronage and provide qualified applicants a fair opportunity to be selected on merit, with priority consideration given to the best interest without restrictions based solely on family association. To that end, the Superintendent/designee will be responsible for developing job descriptions for stipend positions, including relevant qualifications and duties/ responsibilities.

II. Board members are expected to recuse themselves from participating in any personnel action involving an immediate or extended family member employed by the School Department.

II. Superintendent

I. Immediate and extended family members of the Superintendent shall not be employed by the School Department, subject to the following exemption: employees who are employed on the date that an immediate or extended family of theirs is elected to the position of Superintendent.

- I. If a member of the Superintendent's immediate or extended family is employed under paragraph IIIA, appropriate measures shall be taken by the Board to avoid a conflict.

III. Administrators

I. No person shall be employed in or assigned to a position within the administrative supervision of a member of that person's immediate or extended family. Nor shall any person be employed in a position in which a member of the immediate or extended family of that person is responsible, in whole or in part, for their supervision or evaluation.

IV. All School Employees

The Board shall be notified if an employee has an immediate or extended family relationship with any other School Department employee or Board member before the Board takes any employment action affecting that employee.

V. Volunteers

Under Main law (20-A MRSA § 1002(2-A)), a board member or a board member's spouse may not serve as a volunteer when that volunteer has primary responsibility for a curricular, co-curricular, or extracurricular program or activity and reports directly to the Superintendent, principal, athletic director, or other school administrator within the jurisdiction of the Board, with the following exception:

I. A Board member's spouse may serve as a volunteer when such service is deemed to be in the best interest of students and the School Department. Approval of such volunteers must be made without favoritism and political patronage; consider the needs of the School Department; and provide that all volunteers have a fair and equal opportunity to be selected on merit, with priority consideration given to the best interest of students without restrictions based solely on daily association. This exception applies only through June 30, 2024, unless extended by the Maine legislature.

II. Exceptions to Policy

In extraordinary circumstances, the Board may approve an exception to the prohibitions on the employment of immediate or extended family so long as the candidate is qualified for the position, the hiring is in the best interest of the school system and its students, and the candidate is not the spouse of a Board member. It is the intent of the Board that this provision be narrowly construed and used only in rare circumstances.

The Board recognizes that any advisory committee mandated by state law or Department of Education regulations may require deviation from any or all of the provisions of this policy. Any such deviations shall be identified when the Board establishes such a committee and reflected in the Board's instructions to the committee.

BE - SCHOOL BOARD MEETINGS

All Board meetings will be announced publicly in accordance with this policy and applicable law. Except in the event of rare emergencies, such announcement will be made with ample time to allow public and media attendance and shall be disseminated in a manner reasonably calculated to notify the general public. It is the intention of the Board to maintain transparency in and accessibility to its meetings. Therefore, when practicable, allowable by law, and technology is available, Board meetings will be recorded and posted to the district website.

Regular Meetings

The Board will hold its regular business meetings once a month on the second Tuesday unless otherwise set by action of the Board.

Special Meetings

A special meeting of the Board is a meeting that is held to address important matters that arise between regular meetings and/or require Board action before the time set for the next regular meeting, or to consider a single subject in one session.

A special meeting may be called at any time at the discretion of the Chair or at the request of the Superintendent. A special meeting shall be called at the written request of four members of the Board.

The Superintendent shall be responsible for providing notice of a special meeting to Board members and the media at least 72 hours in advance of the meeting. The notice or agenda shall indicate the subject(s) of the meeting and action to be taken.

No business other than that stated in the notice of the meeting shall be transacted.

Emergency Meetings

An emergency meeting of the Board is a meeting that is called because a matter is so urgent that it must be addressed immediately and the advance notice required for a special meeting cannot reasonably be provided.

An emergency meeting may be called by the Chair or at the request of the Superintendent.

The Superintendent shall notify the media of an emergency meeting by the same or faster means as used to notify Board members. Whenever practicable, 24-hour advance notice will be provided. The notice shall indicate the purpose of the meeting.

No business may be transacted other than that related to the purpose for which the emergency meeting is called.

Executive Sessions

Executive sessions of the Board shall be called and conducted in accordance with state law. Only the matter(s) stated in the motion to enter executive session shall be considered. No final action may be taken in executive session.

Workshops and Informational Meetings

The Board, at its discretion, may schedule workshops and other meetings to discuss a particular subject or proposal or to gather input from staff, students, the community, or other groups.

No formal action shall be taken by the Board at any meeting other than a regular meeting, special meeting, or emergency meeting.

BEA - SCHOOL BOARD USE OF ELECTRONIC MAIL and OTHER ELECTRONIC COMMUNICATIONS

Use of electronic mail (e-mail) and other electronic communications (including but not limited to texts, chat programs and social media) by school board members should conform to the same standards of judgment, propriety and ethics as other forms of school board-related communication. Board members shall comply with the following guidelines when using e-mail in the conduct of board responsibilities:

- I. The School Board and its members shall not use e-mail or other electronic communications as a substitute for deliberations at official Board meetings, for other communications or business properly confined to Board meetings, or in any way to defeat the purposes of the Freedom of Access Act.
- II. Board members should be aware that e-mail, including attachments, and other electronic communications received or prepared for use in board business or containing information relating to board business are likely to be regarded as public records which may be inspected and copied by any person upon request, unless otherwise made confidential by law. In some cases, such communications may be subject to state record retention requirements. For these reasons, Board members are well-advised to use the email address issued by the school unit for their official communications.
- III. Board members shall avoid discussing information about employees, students or other confidential matters in e-mail or other electronic communications because of the risk of improper disclosure. Board members are expected to comply with the same standards as school employees with regard to confidential information.
- IV. Board members shall have no authority to speak on behalf of the Board unless specifically designated by the Board to do so. When posting, responding, or otherwise engaging in other social media activity, a Board member shall make it clear by posting in a clear and conspicuous place that they are speaking in their individual capacity and that their views or other expressive activities are their own and are not being undertaken on behalf of the Board or School Department, and have not been endorsed or approved by the Board or School Department. This applies to a Board member's own social media pages, the social media pages of others where a Board Member is posting or otherwise engaging in expressive activity related to school business, and the district's social media pages.

BEC - EXECUTIVE SESSIONS

All meetings of the School Board shall be open to the public, except as provided by law. The Board may hold executive sessions upon recorded vote of 3/5 of the members present and voting. Deliberations may be conducted in executive session only on those matters defined by law or other authority. No final action shall be taken in executive session. Board members and other persons present are expected to respect the confidentiality of all matters discussed in executive session.

A motion to go into executive session must indicate the nature of the business of the executive session and include a citation of one or more sources of statutory or other authority that permits an executive session. Failure to state all authorities justifying the executive session does not constitute a violation of the Freedom of Access Act if one or more of the authorities are accurately cited in the motion. An inaccurate citation of authority for an executive session does not violate the Freedom of Access Act if valid authority that permits the executive session exists and the failure to cite the valid authority was inadvertent.

I. To Enter Executive Session, the Board Must:

- I. Start with a public meeting.
- II. Have a public recorded vote of 3/5 of members, present and voting.

III. Items Which May Be Discussed In Executive Session:

- I. Discussion or consideration of employment, appointment, assignment, duties, compensation, evaluation, resignation, discipline, promotion, demotion, or dismissal of an individual or group of public officials, appointees, or employees, or the investigation or hearing of charges or complaints against a person or persons, subject to the following conditions:

 2. Any person charged or investigated shall be permitted to be present at an executive session if that person desires;

Negotiations between the representatives of a public employer and public employees may be open to the public if both parties agree to conduct negotiations in open sessions;

Consultations between the Board and its attorney concerning the legal rights and duties of the Board or school department, pending or contemplated litigation, settlement offers, and matters where the duties of the Board's counsel to the client clearly conflict with the Freedom of Access Act or where premature general public knowledge would clearly place the Board or school department at a substantial disadvantage.
- VI. Discussions of information contained in records made, maintained, or received by the Board or school department when access by the general public to those records is prohibited by statute.

BED - REMOTE PARTICIPATION IN SCHOOL BOARD MEETINGS

The Cape Elizabeth School Board allows members of the Board to participate in a public meeting of the Board by remote methods in limited circumstances as provided in 1 MRSA §403-B.

For the purpose of this policy, "remote methods" means telephonic or video technology allowing simultaneous reception of information and may also include other means necessary to provide reasonable accommodations to individuals with disabilities. Remote participation by board members cannot be by text-only means such as email, text messages, or chat functions.

Members of the Board are expected to be physically present for board meetings except when being physically present is not practicable.

Circumstances in which physical presence for public meetings is not practicable include:

- I. The existence of an emergency or other issue that requires the Board itself to meet by remote methods.

An emergency may be a State-declared emergency, where there has been a declaration of a state of emergency by the Governor that applies to the school unit, or a local emergency (e.g., adverse weather conditions) or urgent issue requiring Board action.

The Board Chair, in consultation with the Superintendent, will determine whether there is a local emergency or urgent issue that requires a remote meeting of the Board.

- I. Illness, or other physical condition, or temporary absence from the area governed by the Board that causes a Board member to face significant difficulties traveling to and attending in person at the designated physical location of the Board meeting.

Prior notice of the Board member's absence and the reason for it, with the indication that the Board member plans to participate remotely, should be communicated to the Board Chair as far in advance of the meeting as practicable.

The opportunity for the public to comment at Board meetings (20-A MRSA §1002(20)) applies to remote public meetings. If the Board allows or is required to provide an opportunity for public participation/public input during the meeting, an effective means of communication between the members of the Board and the public must be provided (e.g., submitting comments or questions by chat, raising hand on Zoom, submitting written comments to the Superintendent's office at least 24 hours in advance). Individuals with disabilities seeking a reasonable accommodation should contact the Board Chair as far in advance of the Board meeting as practicable.

Members of the public participating in public meetings of the board are expected to comply with the guidelines for public participation provided in the Board's policy BEDH, or in such rules as the Board may develop specifically for remote meetings.

Notice of all Board meetings is required (1 MRSA §406). When the public may attend by remote methods, notice must include the means by which members of the public may access the meeting using remote methods. The notice must also identify a location for members of the public to attend in person. The Board may not determine that public attendance at a meeting will be limited solely to remote methods except under the conditions in subparagraph A above (emergency or urgent issue meetings).

A member of the Board who participates remotely in a public meeting of the Board is considered present for purposes of a quorum and voting.

All votes taken during a public meeting of the Board using remote methods must be taken by roll call vote that can be seen and heard if using video technology, and heard if using only audio technology, by the other members of the Board and the public.

The Board will make all documents and other materials to be considered by the Board available, electronically or otherwise, to members of the public who attend remotely to the same extent customarily available to the members of the public who attend public meetings of the Board in person, as long as additional costs are not incurred by the Board.

Remote participation is not permitted for meetings where voters of the School Administrative Unit meet to vote as a legislative body, such as budget meetings.

BEDB - AGENDA

Agenda Preparation and Dissemination

The Superintendent, in consultation with the Chair, shall prepare an agenda for each meeting of the Board. Board members, school district staff, groups or organizations, and members of the public may submit written requests to the Board through the Chair or the Superintendent for items to be placed on the agenda. To be considered for placement on the agenda, an item must be within the scope of the Board's duties, timely, and appropriate for consideration under all applicable laws and Board policies. The request must be received a minimum of seven days prior to the meeting at which the group or individual wishes the item to be addressed by the Board in order for it to be considered for the agenda of that meeting. The Chair and Superintendent shall make the final decision regarding placement of items on the agenda.

The agenda of regular business meetings will be distributed to Board members five days prior to a regular meeting of the Board and, whenever possible, two days in advance of a special meeting. Copies of the agenda will be posted. Anyone desiring additional information regarding an agenda item should direct inquiries to the Office of the Superintendent. Copies of the agenda will also be available at the Board meeting.

Dissemination of Supporting Materials

As an accompaniment to the agenda, the Superintendent will provide to the Board such background materials and data that in the Superintendent's judgment are necessary for the Board to give informed consideration to agenda items. The Superintendent will also provide to the Board the draft minutes of Board meetings that will be presented for approval. Documents containing information that is exempt from disclosure under the Freedom of Access Act or other laws shall be marked "confidential." Such information shall not be disclosed by Board members or the Superintendent or provided to the media or the public. Requests for disclosure of materials received by Board members should be referred to the Superintendent.

Additions and Adjustments to the Agenda

After the meeting has been called to order, the Superintendent or Board Chair may recommend additions and/or adjustments to the agenda of a regular meeting or, in an emergency, to the agenda of a special meeting.

Any Board member who wishes to add an item to the agenda may offer a motion to that effect. All additions to the agenda must be approved by a majority vote of the members present and voting. In general, items that can reasonably be deferred to the next regularly scheduled meeting will not be added to the agenda at a Board meeting.

In order to facilitate its business or to accommodate groups in attendance, the Board may adjust the agenda by changing the order of business. Such adjustments shall require the consent of the Board by majority vote.

BEDH - PUBLIC PARTICIPATION AT BOARD MEETINGS

PUBLIC PARTICIPATION AT BOARD MEETINGS

Regular, special and emergency meetings of the Board are open to the public. The Board wishes to provide opportunities for citizens to express their interests, concerns and suggestions related to matters under consideration by the Board. The public is encouraged to attend and participate in these meetings as set forth in this policy so that they may become acquainted with the operations and programs of the schools. The Board also recognizes the value of public comments on school and educational matters. The Board has established procedures to permit fair and orderly expression of public comments at Board meetings while allowing the Board to conduct its business efficiently,

In order that the Board may fairly and adequately discharge its overall responsibilities, citizens or groups wishing to address the Board on a topic not otherwise on the agenda must submit a request in writing to the Superintendent at least one full week in advance of the scheduled meeting. The Superintendent and/or Board Chair may add the item to the agenda at their discretion.

As the elected representative body of the school department, the primary purpose of School Board meetings is to carry out the official business of the Board related to Board policies, programs and operations. These meetings are not public forums, but are meetings at which the Board does its business in public. An agenda is prepared and published in advance of each meeting in accordance with Board policy. Anyone desiring additional information about any item on the agenda should direct inquiries to the Superintendent's Office.

Generally, opportunities for the public to speak on agenda items will take place at the beginning of the Board meeting, prior to the Board's votes on those items. Public comment is not intended to be a time of discussion between the public and Board members. The Board Chairperson has the prerogative to limit the time allotted for comments on a particular topic as well as the time each individual may speak.

The Board Chairperson is responsible for ensuring the orderly conduct of Board meetings. The following ground rules shall guide public participation at Board meetings:

- I. Citizens, employees, students and others are welcome to participate as provided in this policy.
- II. Orderly conduct of a meeting does not permit spontaneous discussion from the audience. Speakers are to identify themselves by name and address before they begin speaking and to direct their comments and questions to the Board Chairperson. If Board members require clarification about a comment during public session, they are to direct their comments through the Board Chairperson.
- III. The Board will include a public comment period, not to exceed 20 minutes, on the agenda of its regular business meetings. Comments by individuals are limited to a maximum of three (3) minutes at a meeting. Individuals may not relinquish a portion of their allotted time to another speaker. The time limits in this paragraph may be modified at a particular meeting at the discretion of the Board, including extending the time period for public comment.
- IV. The Board will hear public comments from residents of the Town of Cape Elizabeth first. If there is time remaining in the public comment period once all residents have had the opportunity to speak, the Board will permit comments from non-residents. Each individual will be required to state their name and town/city of residence before beginning their remarks as well as to review a copy of this policy.
- V. In order to make the most efficient use of meeting time, groups or organizations are asked to designate spokespersons to present their comments. Speakers are also requested to avoid duplication or repetition of remarks made by others.

- VI. Gossip, defamatory comments, and abusive, vulgar, or threatening language are not permitted.
- VII. Complaints concerning individual students or employees will not be aired in public at Board meetings. Any concerns about personnel matters and/or student matters should be directed to the Superintendent or another appropriate administrator outside of Board meetings so that they can be addressed through an appropriate process and in a manner consistent with privacy, confidentiality, and due process rights of the individuals involved.
- VIII. Employees and employee groups may not discuss matters at Board meetings for which other, more appropriate forums are provided by law or contract.
- IX. The Board Chair will stop any public comment that is contrary to this policy.
- X. The Chair has the authority to stop any speaker who violates these guidelines or the privacy rights of others. The Chair also has the authority to call a recess of the Board and/or to adjourn the meeting.
- XI. Persons who disrupt the Board meeting may be asked to leave in order for the Board to conduct its business in an orderly manner. The Board Chair may request the assistance of law enforcement as necessary to address disruptions and/or safety concerns, and to restore order.

The Board Chairperson and the Superintendent will develop procedures for remote public participation when remote participation is offered.

BG - SCHOOL BOARD POLICIES

The development, adoption and review of policies that govern the school district is one of the School Board's most important functions. Board policies establish the goals, direction and structure of the school unit under the authority of state law. In addition to policies required by state and federal laws and regulations, the Board adopts policies to provide direction to the Superintendent and other administrators in the management of the school unit, to guide the education program, and to provide clear expectations for school staff, students and parents.

Board policies are intended to provide the framework for school district operations and the educational system. In general, the operational details as to how policies will be implemented are contained in administrative procedures developed by the administration. However, the Board will adopt administrative procedures concerning its own operations and when the Board decides that an issue is of sufficient legal, educational and community importance to warrant a Board-level procedure.

The Cape Elizabeth School Board considers policy development its most important governance function.

It is the intent of the Board to develop written policies that will serve as the foundation for the successful and efficient operation of Cape Elizabeth School Board and its schools.

The Board accepts the definition of policy set forth by the National School Boards Association:

School Board policies are statements that set forth the purposes and prescribe in general terms the organization and program of a school system. They create a framework within which the Superintendent and the staff can discharge their assigned duties with positive direction. They tell what is wanted. They may also indicate why and how much. Policies should define clearly the goals and objectives of the school system, allow for the flexibility that is vital in day-to-day operations, reflect the Board's vision, define roles and responsibilities (who is supposed to do what), and include measurable outcomes.

The Board's policies are framed and meant to be interpreted in terms of federal laws and regulations, state statutes and the rules of the Maine Department of Education, State Board of Education, and other regulatory agencies at various levels of government. The Board's policies are also intended to reflect the Board's educational philosophy and instructional objectives and practices and procedures that are supported by research and generally accepted by leaders and authorities in the field of public education.

It is the Board's intent that its policies set goals and provide direction and guidance for administrators, staff, and students and serve as sources of information for parents, community members, and others who are interested in or connected with the schools.

The Board regards policy development and review as an ongoing process. The need for a new policy or revision or deletion of an existing policy may arise from a change in law and/or regulations, modification of the school unit's vision or goals, educational research or trends, the occurrence of a significant incident or a recommendation or request from Board members, school administrators, staff, parents, students, or other interested persons.

Adoption of new or revised policies and repeal of existing policies is solely the responsibility of the Board. Policies will be adopted, amended, or repealed only by the affirmative vote of a majority of members present and voting.

Policies shall become effective upon Board adoption or at a future date designated by the Board at the time of adoption.

The Superintendent/designee will be responsible for distributing new or revised policies to Board members and for making policies accessible to school personnel, students, and the public.

BEDJ - BROADCASTING, TAPING, RECORDING of SCHOOL BOARD MEETINGS

Members of the public may use their cell phones or other electronic devices to record Board meetings or portions of public Board meetings so long as the person engaged in recording does not change position frequently, or interfere with the view of others in attendance.

The following guidelines will govern the public use of other recording devices, such as those used for television broadcasting at the public meetings of the Board and subcommittees of the Board.

Any such device may be used by a member of the public so long as it does not:

- A. Require the occasional or frequent relocation of a microphone or microphones in such a manner as to be disruptive to speakers or other persons present;
- B. Require excessive space in the meeting room so that any participants or observers at the meeting are displaced, excluded or cannot see because of the device;
- C. Produce continuous or periodic sounds that interfere with speakers or with the ability of all persons present to hear the proceedings; and/or
- D. Require the use of power cords and microphone cords that would interfere with the free movement of traffic into, out of, and within the meeting room.

The Chair has the authority to request that any person using a cell phone or other recording device comply with the provisions of this policy when, in their judgment, the activity is interfering with the orderly conduct of the meeting and/or the ability of the public to observe the proceedings. If the problem persists, the Chair may direct that the recording be discontinued and, if necessary, that the recording device be removed from the meeting room.

RECORDING OF REMOTE MEETINGS

When the Board holds a remote meeting of the full Board or otherwise holds a meeting in which remote public participation must be permitted, members of the public must be permitted to record the meeting remotely using the same electronic platform that is used to conduct the meeting remotely provided that 1) the platform allows participants other than the host to record the proceeding remotely, 2) additional costs are not incurred by the Board, and 3) the recording of the proceeding does not interfere with the orderly conduct of the meeting.

Members of the public are not permitted to attend or record any executive session of the Board, whether the meeting is held in person or remotely.

BG-R - POLICY ADOPTION AND AMENDMENT PROCEDURES

The procedure for proposing the adoption, review, revision or deletion of a school board policy shall be:

- I. The Policy Committee is responsible for recommending policy actions to the Board for its consideration, including adopting new policies, revising existing policies, and deleting obsolete policies.
 - I. Individual Board members, Board standing or advisory committees, the Superintendent or other interested persons may submit policy suggestions and concerns to the Board Chair, who will forward them to the Policy Committee.

BHC - BOARD RELATIONSHIPS AND COMMUNICATIONS WITH STAFF

A clear understanding of responsibilities and relationships between and among the Board and school personnel is essential for a smoothly running and efficient school system. It should be remembered that the Board, school administrators, teachers, and all others responsible for any phase of the work of the school system have a common and basic responsibility—the welfare of the children in the schools. This responsibility must guide all of the Board's considerations and decisions.

RELATIONSHIPS

Board and Superintendent

The relationship of the Board and the Superintendent can best be described as one of teamwork. They must function cooperatively as some of their functions are not readily separable. However, the primary functions are separable and should be clearly understood by each. The Board is the governing body of the school unit and has the responsibility for adopting policies and providing for the care and management of the schools.

The Superintendent is the ex-officio secretary of the Board and the chief administrative officer. The Superintendent is responsible for the day to day administration of the school unit and for ensuring that the operations of the school unit conform to Board policies and applicable law. The Board recognizes this and wishes to make this clear to all staff members and to all citizens.

All communications or reports to the Board, or to any committee of the Board, from school principals, supervisors, teachers, or other employees shall be submitted through the Superintendent.

Board and Principal

The School Principal has no direct administrative relations with the Board. His/her relations to the Board are through the Superintendent, for the Board recognizes that the Superintendent is the person to whom it must look for professional leadership within the schools. A spirit of cooperation and mutual helpfulness must prevail between the Superintendent and the Principal if the best results are to be realized. For instance, the Principal and the Superintendent must cooperate in the selection of school staff because the Principal is in the best position to know the kind of person needed for a particular type of service in the school. However, the Principal must make recommendations to the Superintendent and not to the Board.

At all times the Principal must remember that all matters which require Board action must be presented to the Board by the Superintendent.

Board and Teachers and other School Employees

The relationship of the teacher to the Board is indirect. The teacher is directly responsible to the Principal/Assistant Principal and through the Principal/

Assistant Principal to the Superintendent, and then to the Board.

Other school employees, depending on their position, are directly responsible to the Principal/Assistant Principal or to the supervisor to whom the employee reports, and through the Principal or supervisor to the Superintendent, and then to the Board.

Direct access between employees and the Board may be obtained through channels established for grievances or through applicable Board policies

BOARD COMMUNICATIONS WITH STAFF

The Board will communicate regularly with school staff on matters of current interest and importance to the school community at such times and through such methods as the Board deems appropriate.

Individual employees and employee organizations are expected to utilize communication channels established through Board policies, administrative procedures, and collective bargaining agreements and not to circumvent the chain of command and their direct supervisors.

Communications with staff are the responsibility of the Board as a whole. Individual board members should refrain from initiating communications or conversations with staff members on their own.

BIA - NEW BOARD MEMBER ORIENTATION

In order that newly elected Board members may cast informed votes and function effectively as board members, the Board and Superintendent will extend to them the fullest measures of courtesy and cooperation, and will make every reasonable effort to assist newly elected Board members in understanding the Board's functions, policies, procedures and current issues.

- I. In the interim between a new member's election or appointment and the member assuming office, the Board, through the Superintendent, will invite newly elected members to attend meetings, except those held in executive session, and provide newly elected members with agenda, minutes and reports applicable to those meetings. During the time between election or appointment and the assumption of office, the status of the future-member remains that of a private citizen and not that of an elected or appointed official.
- II. The Board, through the Superintendent, will provide new members with copies of appropriate publications, such as the Board policy manual, student handbook(s), collective bargaining agreements, and current budget documents.
- III. The Board Chair or Superintendent will remind Board members of their obligation to complete, not later than the 120th day after the date of taking the oath of office, training on the requirements of Maine's Freedom of Access Law. The Chair or Superintendent will provide Board members with information regarding available training options. Each Board member shall attest by means of a written or electronic record to having completed the training and provide a copy of such record to the Superintendent's Office. To facilitate documentation of training, the Superintendent will make available to Board members copies of the State's sample Certification of Completion of Freedom of Access Training form.
- IV. The Board will encourage new members to attend appropriate in-district and out-of-district orientation and/or boardsmanship workshops. Reimbursement for such activities must be approved in advance by the Board Chair, in consultation with the Superintendent, and is subject to the availability of funds.
- V. The Chair and Superintendent will schedule and arrange for an orientation session for new Board members as soon as practicable after election or appointment. A reasonable amount of time will be provided for discussion of the following possible topics:
 - I. The roles and responsibilities of the Board and individual members;
 - II. Basic operational procedures of the Board;
 - III. Placement of items on the agenda;
 - IV. The role of committees, subcommittees and advisory committees;
 - V. How and why executive sessions may be held;
 - VI. What is considered confidential or privileged information;
 - VII. Appropriate responses of an individual member when a request or complaint is made directly to this member by a student, parent or member of the community;
 - VIII. How the Board responds to complaints involving personnel;
 - IX. General information about the school system and its resources;
 - X. How Board members, in fulfilling their duties, may request information concerning schools and District operations, finances and personnel;
 - XI. How Board members may make arrangements to visit schools and the protocol for such visits;

XII. Protocol for interacting with the media; and

XIII. Other relevant topics.

All Board members will be invited to the orientation session and encouraged to attend. The orientation is intended to serve as a useful review of basic boardsmanship concepts for experienced members, as well as an opportunity to provide information and counsel to new Board members.

BIB - BOARD MEMBER DEVELOPMENT

Recognizing the value of continuous and life-long learning, the School Board places a high priority on the development of its members' "boardsmanship" skills and on supporting opportunities for in-service education. The purpose of board development is to enhance the quality of education in the school unit and the effectiveness of school unit governance.

Board members need to be well informed and to expand their knowledge of trends and issues affecting education and school governance. In addition, Board members need to develop and reinforce the skills required for effective policy-making, budget planning and communications.

Board members are encouraged to participate in district-sponsored training sessions and/or workshops and in school board or related conferences, seminars, workshops and conventions sponsored by the Maine School Boards Association, the Maine School Management Association, the National School Boards Association and other recognized leaders in education. Board members are also encouraged to be active in leadership opportunities that may be available within regional, state and national associations.

Adequate funds shall be budgeted annually to support Board member development, including participation at meetings, subscriptions to publications that address the concerns of Board members and memberships in school boards associations.

Upon Board approval and within budgetary limitations, reimbursement for travel and necessary expenses will be provided to individual members for activities related to Board development. The Board, on a case-by-case basis, will determine the number of Board members authorized to attend specific meetings, conferences, conventions or other events at the school unit's expense, as warranted by budgetary limitations. Board members may use their own discretion regarding attendance at meetings, conferences, conventions or other events where reimbursement will not be provided by the school unit.

At a Board meeting subsequent to attendance at an educational event, members are encouraged to report briefly to the Board and to the public to share knowledge gained and thoughts on implications for local school governance. Board members are also encouraged to study and share with the Board and Superintendent materials of interest they have collected.
