COMPUTER USER SUPPORT SPECIALIST

Summary:

Provide technical assistance to town/school computer users. Answer questions or resolve computer problems for clients in person, or via telephone or electronically. Provide assistance concerning the use of technology hardware and software. Support computer user, Technology Integrators, Computer User Support Specialists, and the MLTI program.

Primary Duties and Responsibilities

Computer Support:

- Oversee the daily performance of computer systems.
- Answer user inquiries regarding computer software or hardware operation to resolve problems.
- Enter commands and observe system functioning to verify correct operations and detect errors.
- Set up equipment for employee use, performing or ensuring proper installation of cables, operating systems, or appropriate software.
- Install and perform minor repairs to hardware, software, or peripheral equipment, following design or installation specifications.
- Maintain records of daily data communication transactions, problems and remedial actions taken, or installation activities.
- Read technical manuals, confer with users, or conduct computer diagnostics to investigate and resolve problems or to provide technical assistance and support.
- Refer major hardware or software problems or defective products to vendors or technicians for service.
- Develop training materials and procedures, or train users in the proper use of hardware or software.
- Confer with staff, users, and management to establish requirements for new systems or modifications.

Supports Technology Coordinator

- Meet financial requirements by submitting information for budgets; investing price and quality information on proposed technology purchases for town and schools.
- Update job knowledge by participating in educational opportunities; reading professional publications; maintaining personal networks; participating in professional organizations.
- Protect organization's value by keeping sensitive information confidential.
- Accomplish organization goals by accepting ownership for completing new and different requests; exploring opportunities to add value to job activities.

Skills, Knowledge and Abilities required

- Skills o Active Listening — Giving full attention to what other people are saying, taking time to understand the points being made, asking questions as appropriate, and not interrupting at inappropriate times.
- Speaking — Talking to others to convey information effectively.
- Reading Comprehension — Understanding written sentences and paragraphs in work related documents.
- Critical Thinking — Using logic and reasoning to identify the strengths and weaknesses of alternative solutions, conclusions or approaches to problems.
- Writing — Communicating effectively in writing as appropriate for the needs of the audience.
- Complex Problem Solving — Identifying complex problems and reviewing related information to develop and evaluate options and implement solutions.
- Time Management — Managing one's own time and the time of others.
- Active Learning — Understanding the implications of new information for both current and future problem-solving and decision-making.
- Instructing — Teaching others how to do something.
- Judgment and Decision Making — Considering the relative costs and benefits of potential actions to choose the most appropriate one.

Knowledge

- Computers and Electronics — Knowledge of circuit boards, processors, chips, electronic equipment, and computer hardware and software, including applications and programming.
- Customer and Personal Service — Knowledge of principles and processes for providing customer and personal services. This includes customer needs assessment, meeting quality standards for services, and evaluation of customer satisfaction.
- English Language — Knowledge of the structure and content of the English language including the meaning and spelling of words, rules of composition, and grammar.
- Clerical — Knowledge of administrative and clerical procedures and systems such as word processing, managing files and records, stenography and transcription, designing forms, and other office procedures and terminology.

Abilities

- Oral Comprehension and Expression — The ability to listen to and understand information and ideas presented through spoken words and sentences. The ability to communicate information and ideas in speaking clearly so others will understand.
- Written Comprehension and Expression— The ability to read and understand information and ideas presented in writing. The ability to communicate information and ideas in writing so others will understand.
- Information Ordering — The ability to arrange things or actions in a certain order or pattern according to a specific rule or set of rules (e.g., patterns of numbers, letters, words, pictures, mathematical operations).
- Near Vision — The ability to see details at close range (within a few feet of the observer).
- Deductive Reasoning — The ability to apply general rules to specific problems to produce answers that make sense.
- Problem Sensitivity — The ability to tell when something is wrong or is likely to go wrong. It does not involve solving the problem, only recognizing there is a problem.

Qualifications

- Education/Certification High School diploma or equivalent, plus three years employment as a Computer Support Specialist.
- Hold a valid State of Maine Criminal History Records Check Approval.

Working Conditions

- Mental Demands: calculating, comparing, editing, problem-solving, evaluating, interpreting, organizing, consulting, analyzing, planning, designing, documenting, specifying, coordinating, implementing, presenting
- Physical Demands: sitting, standing, climbing stairs, adjusting, connecting, lifting (to 50 lbs.), bending, keyboarding, pulling, pushing, carrying, writing, walking, operating equipment
- Environmental Conditions: inside, working around moving objects, working unsupervised Terms of Employment
- Twelve-month year, 40 hrs. per week. Compensation in accordance with recommendations established by the Superintendent of Schools.

Reports to:

Technology Coordinator

Evaluation

The basis of the evaluation will be the extent to which the performance responsibilities of the job are successfully handled and the extent to which yearly action plans and/or job goals are met. The Technology Coordinator will perform the evaluation.

The Cape Elizabeth School Department expects that all employees will perform assigned duties diligently, professionally and efficiently and in compliance with all district policies and procedures as well as all federal and state laws.

NOTE:

The above job description reflects the general requirements necessary to describe the principle functions or responsibilities of the job identified and shall not be interpreted as a detailed description of all work requirements that may be inherent in the job, either at present or in the future.

- School Board Approved: May 12, 2015 (replaces Computer Technician)

DISTRICT DATA FACILITATOR

REPORTS TO:

Director of Educational Technology

JOB GOAL:

The school district Data Facilitator ensures the integrity for the school district data and functions as the key analyst, manager, and report writer of this data. This person will make the data accessible, and easy to understand so it may be used to support teaching and learning.

PERFORMANCE RESPONSIBILITIES:

- Support staff with the district's student information system (SIS) and other district data systems (library, lunch, etc.)
- Serve as the district's SIS administrator

- Train and support teachers in using aspects of the SIS for grading and posting to the parent/student portal
- Identify and resolve any data issues resulting within the district data systems
- Assist with school scheduling, enrollment, attendance and other issues within the SIS
- Develop data standards, procedures and training for district and school staff members
- Develop and maintain documentation of data systems, standards and procedures
- Import all assessment data into district SIS
- Design and implement custom pages to improve functionality of SIS
- Ensure integrity of data, verifying information regarding data quality and data completeness
- Produce data reports as requested by administration and school district staff
- Assist with federal and State reporting of school district data including exporting and uploading to external systems
- Support the RTI process by providing a system to gather and document data for use in the Student Support Teams in each school
- Assist in the design of web-based data collection projects for district and school staff
- Perform other relevant duties as identified that support the mission and vision of the Cape Elizabeth schools
- Assist staff with developing and understanding data for teaching and learning

WORKING CONDITIONS:

Mental Demands: Calculating, comparing, editing, problem-solving, evaluating, interpreting, organizing, consulting, analyzing, planning, designing, documenting, specifying, coordinating, implementing, presenting

Physical Demands: The physical demands listed here are representative of those that are required to successfully perform the essential functions of this job: sitting, standing, walking, climbing stairs, adjusting, connecting, bending, keyboarding, pulling, pushing, carrying, writing, operating computers and other equipment, using tools, and lifting or moving up to 50 pounds.

Environmental Conditions: Inside, working around moving objects, working alone

TERMS OF EMPLOYMENT:

260 day work year with the schedule at the discretion of the Director of Technology with approval of the Superintendent of Schools. Compensation in accordance with recommendations established by the Superintendent of Schools.

All programs and customization developed by the Data Facilitator while under contract will be the property of the Cape Elizabeth School Department.

EVALUATION:

The basis of the evaluation will be the extent to which the performance responsibilities of the job are successfully handled and the extent to which yearly action plans and job goals are met. The Educational Technology Director will perform the evaluation. The standards by which the job is completed or met is at the sole discretion of the supervisor.

The Cape Elizabeth School Department expects that all employees will perform assigned duties diligently, professionally and efficiently and in compliance with all district policies and procedures as well as all federal and state laws.

NOTE:

The above job description reflects the general requirements necessary to describe the principal functions or responsibilities of the job identified and shall not be interpreted as a detailed description of all work requirements that may be inherent in the job, either at present or in the future.

School Board Approved: May 10, 2016

NETWORK & COMPUTER SYSTEMS ADMINISTRATOR

Job Description Summary:

Install, configure, and support Cape Elizabeth's town/schools local area network (LAN), wide area network (WAN), and Internet systems. Monitor network to ensure network availability to all system users and perform necessary maintenance to support network availability. Install, monitor and test all town/schools servers for performance to ensure the servers and backup servers operate correctly and without interruption. Assist in network modeling, analysis, planning, and coordination between network and data communications hardware and software. Support computer users, Technology Integrators, Computer User Support Specialists, and the MLTI program. Monitor and administer network security measures.

Primary Duties and Responsibilities

- Network Maintenance
 - Administer computer networks and related computing environments including computer hardware, systems software, applications software, and all configurations.
 - Operate master consoles to monitor the performance of computer systems and networks, and to coordinate computer network access and use.
 - Monitor network performance to determine whether adjustments need to be made, and to determine where changes will need to be made in the future.
 - Diagnose, troubleshoot, and resolve hardware, software, or other network and system problems, replace defective components when necessary and escalating problems to vendor when necessary.
 - Configure, monitor, and maintain email applications and virus protection software.
 - Install all network hardware and software and make needed upgrades and repairs
 - Solve problems when a user or an automated monitoring system informs them that a problem exists
- Network Security
 - Implement and monitor network access plan and security measures to protect data software, and hardware.
 - Maintain documentation of network access plan, technology equipment, and technical procedures associated with the job.
 - Perform data backups and disaster recovery operations.
 - Add users to a network and assign and update security permissions on the network
- Support Users
 - Confer with network users about how to solve existing system problems.
 - Respond to or reassign help desk requests.

- Assist in technology training for staff; providing references and support.
- Assist in training users on the proper use of hardware and software.
- Consult on purchasing of new equipment for end users.
- Configure and install equipment to required specifications
- Diagnose, troubleshoot, and resolve hardware and software problems for end users.
- Supports Technology Coordinator
 - Meet financial requirements by submitting information for budgets; investing price and quality information on proposed technology purchases for town and schools.
 - Update job knowledge by participating in educational opportunities; reading professional publications; maintaining personal networks; participating in professional organizations.
 - Protect organization's value by keeping sensitive information confidential.
 - Accomplish organization goals by accepting ownership for completing new and different requests; exploring opportunities to add value to job activities.
 - Collect data in order to evaluate the town/schools technology performance and help make the system work effectively and efficiently.

Skills, Knowledge and Abilities required

- Skills
 - Critical Thinking — Using logic and reasoning to identify the strengths and weaknesses of alternative solutions, conclusions or approaches to problems.
 - Reading Comprehension — Understanding written sentences and paragraphs in work related documents.
 - Systems Analysis — Determining how a system should work and how changes in conditions, operations, and the environment will affect outcomes.
 - Complex Problem Solving — Identifying complex problems and reviewing related information to develop and evaluate options and implement solutions.
 - Judgment and Decision Making — Considering the relative costs and benefits of potential actions to choose the most appropriate one.
- Knowledge
 - Computers and Electronics — Knowledge of circuit boards, processors, chips, electronic equipment, and computer hardware and software, including applications and programming.
 - English Language — Knowledge of the structure and content of the English language including the meaning and spelling of words, rules of composition, and grammar.
 - Mathematics — Knowledge of basic mathematics, pre-algebra, geometry, statistics, and their applications.
- Abilities

- Information Ordering — The ability to arrange things or actions in a certain order or pattern according to a specific rule or set of rules (e.g., patterns of numbers, letters, words, pictures, mathematical operations).
 - Deductive Reasoning — The ability to apply general rules to specific problems to produce answers that make sense.
 - Inductive Reasoning — The ability to combine pieces of information to form general rules or conclusions (includes finding a relationship among seemingly unrelated events).
 - Near Vision — The ability to see details at close range (within a few feet of the observer).
 - Oral Comprehension — The ability to listen to and understand information and ideas presented through spoken words and sentences.
 - Qualifications Special Position Requirements
- Education/Certification High School diploma or equivalent plus three years employment as a Network and Computer Systems Administrator.
 - Certification in technology repair (A+ certification desired) and/or equivalent job experience required.
 - Hold a valid State of Maine Criminal History Records Check Approval. Working Conditions
 - Mental Demands: calculating, comparing, editing, problem-solving, evaluating, interpreting, organizing, consulting, analyzing, planning, designing, documenting, specifying, coordinating, implementing, presenting
 - Physical Demands: sitting, standing, climbing stairs, adjusting, connecting, lifting (to 50 lbs), bending, keyboarding, pulling, pushing, carrying, writing, walking, operating equipment
 - Environmental Conditions: inside, working around moving objects, working unsupervised Terms of Employment
 - Twelve-month year, 40 hrs. per week. Compensation in accordance with recommendations established by the Superintendent of Schools. Reports to
 - Technology Coordinator Evaluation
 - The basis of the evaluation will be the extent to which the performance responsibilities of the job are successfully handled and the extent to which yearly action plans and job goals are met. The Technology Coordinator will perform the evaluation.
 - The Cape Elizabeth School Department expects that all employees will perform assigned duties diligently, professionally and efficiently and in compliance with all district policies and procedures as well as all federal and state laws.

NOTE:

The above job description reflects the general requirements necessary to describe the principle functions or responsibilities of the job identified and shall not be interpreted as a detailed description of all work requirements that may be inherent in the job, either at present or in the future.

School Board Adopted: May 12, 2015
